OCEAN'S EDGE RESORT COMPLETES FIRST VILLA

The luxury real estate market in St. Kitts continues to show signs of strength

Frigate Bay, St. Kitts, March 4, 2010 – Picture waking up to the sun rising over the Atlantic Ocean each morning followed by a nice dip in your infinity edge pool. Then after a beautiful day of sun and relaxation, enjoy a stunning sunset over the Caribbean Sea from the terrace of your new villa at Ocean's Edge Resort in St. Kitts.

This is the reality for the happy owners of the first completed villa at [Ocean's Edge Resort](#), the luxury [vacation home development](#) on the eastern Caribbean island of St. Kitts.

Located 180 feet above sea level, this 4,500 square-foot luxury villa includes three bedrooms plus a guest house pavilion and a 25 foot long infinity edge pool. The villa, with its three terraces, offers spectacular views to the Atlantic Ocean, Caribbean Sea, the Royal St. Kitts Golf Course and St. Kitts' lush landscape of mountains and rainforest.

The new owners remarked that their villa "has more than lived up to our expectations so far. We are blessed with the most stunning views. The villa itself is built to a very high standard and all the fixtures and fittings are by quality branded manufacturers. Our investment was designed to enable us to escape the harsh British winter and, as luck would have it, an extra bonus is that we have missed the worst winter in some 30 years."

Robert Scott, Regional Director at Ocean's Edge said, "This is an exciting milestone for Ocean's Edge, and we are proud to have completed and handed over the finished product to our esteemed villa owners. The vision is now a reality, and we are thrilled."

Ocean's Edge is being designed to meet the standards of [Green Globe 21 Benchmarking program](#), the only globally recognized brand that assures commitment to improved environmental and social outcomes for a more sustainable travel and tourism industry. The designs also fully comply with Miami-Dade Hurricane certification.

Ocean's Edge, a resort development with plans for 190 condominiums and 32 villa lots for bespoke villas, launched sales of Phase 3A in autumn of 2009, with construction slated to commence at the end of March 2010. To date, of the 15 villa plots currently released for sale, 9 have been sold with construction of 4 villas currently underway and commencement of a further two villas set to begin shortly.

"Now that the delivery of the first villa has taken place, alongside several completed hillside and beachfront apartments, we remain very confident that our sales momentum will continue as we move forward," added Damian Hamp-Adams, Regional Director of Sales for Ocean's Edge.

Phases 1 and 2 at Ocean's Edge featuring 30 hillside apartments and 16 one-bedroom beachfront apartments were completed in December 2009, and are sold out. Many of the completed apartments are already being rented out as part of Ocean's Edge interim rental / management program which provides rental and property management services prior to the resort operator coming on board. This program is responding to the strong demand on the island for rental accommodation.

Clients with an interest in purchasing property can participate in a three-night subsidized inspection trip to experience St. Kitts and Ocean's Edge first hand. For more information on Ocean's Edge Resort please email info@oceansedgestkitts.com or visit www.oceansedgestkitts.com

About Ocean's Edge

Ocean's Edge is a vacation home development in St. Kitts overlooking Frigate Bay that combines luxury outdoor and indoor living. The development covers 40 acres and comprises 190 condominiums including one-, two- and three-bedroom beachfront units, two-bedroom hillside units, two- and three-bedroom poolside cottages. In addition, 32 villa lots offering some of the finest views on the island are available with the option of building a three or four-bedroom+ villa. A variety of leisure and entertainment facilities are planned, including a boutique gym, restaurant, pools, tennis courts and beautifully landscaped recreation spaces. A property management and rental program will help ensure stress-free ownership and the project is also pre-approved for St. Kitts' Economic Citizenship Programme.

Ocean's Edge is owned by **Cable Bay Hotel Development Company Limited**; a consortium of stakeholders comprised of Newfound Cable Bay Corporation and locally based partners TDC Ltd., Mansha Ltd. and SKNA National Bank Ltd.

Ocean's Edge is located within ten minutes of the R L Bradshaw International Airport and is adjacent to the Royal St. Kitts Golf Club – one of a select few golf courses in the Caribbean with views over both the Atlantic Ocean and the Caribbean Sea. St. Kitts welcomes guests on non-stop flights from New York (JFK), Miami FL, Atlanta GA, Charlotte NC and San Juan PR, daily arrivals from other Caribbean islands and weekly flights from the UK on British Airways.
